## CANCELLATIONS

### Cancellations:

#### IMPORTANT:

- If you are a customer of Securus or Global Tel Link (GTL) and your inmate's calls have been blocked, the issue is **NOT** with JCS, but rather is the result of Securus or GTL improperly and illegally blocking your calls.
- You can help convince the FCC to stop Securus and GTL from blocking inmate calls to you.

If you are interested in filing a letter with the FCC expressing your views regarding this matter, you can do so using the electronic form below. The FCC will be interested in hearing your personal story and by sharing it with the FCC you will help convince the FCC to act.

Topics that may be useful to discuss in your letter to the FCC include:

- Your experience with Securus or GTL, including any conversations you have had with their customer service representatives about VoIP companies that offer services to the friends and families of inmates, including JCS.
- Your experience with, including the benefit that you received from, services provided by the VoIP company to assist friends and family members of inmates to remain in touch with the inmates at reasonable rates.
- The challenges, including cost, of staying in contact with your incarcerated loved ones.
- The ways in which you have dealt with these challenges, including by enrolling as a customer of a VoIP company such as JCS that serves the friends and families of inmates.
- The importance of enabling inmates to stay in touch with the outside world while incarcerated.
- Please take just a moment to make your voice heard and help put an end to this unfair and illegal practice.
